eLearning Spotlight

The Indiana Department of Education in collaboration with Common Sense Education will celebrate Indiana Digital Citizenship Week September 12-16, 2016. Visit our new Digital Citizenship hub to learn about Common Sense Education's resources, certification, and more. We will be promoting Indiana Digital Citizenship Week on our social media platforms, so make sure to follow us!

Let us know that you, your students, and their families are joining the celebration!

The Rockstars of Curation are seeking new cohort members who are passionate about curation and collaboration. If you are a media specialist or K-12 ELA, math, or science teacher please apply today! Open registration will end on September 19th.

The Virtual Option for Inclement Weather provides school districts a way to keep learning aligned to the sequence of the curriculum in spite of the weather! Districts that weren't approved during the 2015-2016 school year for utilizing the Virtual Option for Inclement Weather or those applying for the first time MUST complete the application process.

In March, school tech leaders submitted their current information to the Indiana School Tech Plan. Preliminary data from the 2016 survey is now available, and more is on the way. Visit the new Tech Plan Data page for links to infographics and searchable map data.

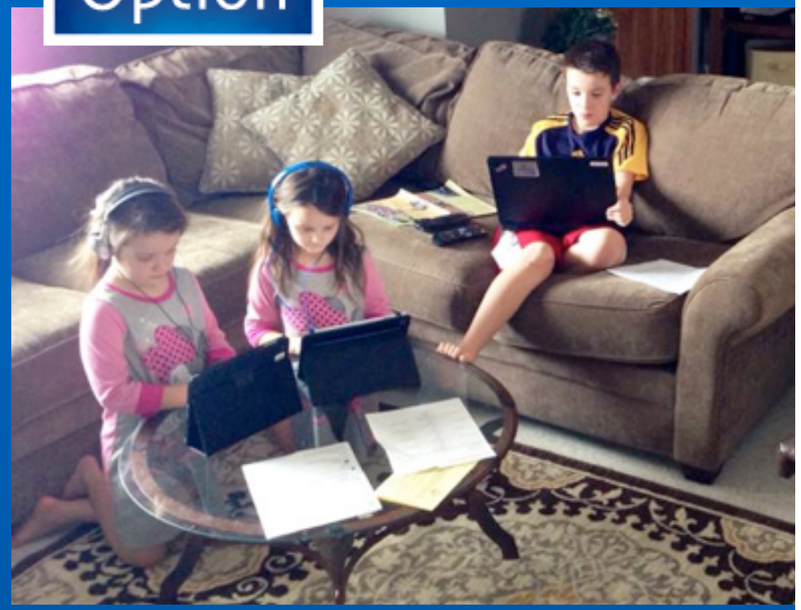
Virtual Option



71 public school corporations have been approved for utilizing the Virtual Option for Inclement Weather during the past year. These schools provided teaching and learning for all students either on a bad weather day or on a make up day.

Applications for 2016-17 for first time applicants are open now.

Virtual Option

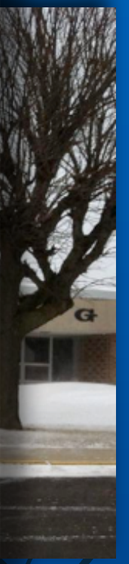
Posted: Fri, 09/04/2015 - 10:40am *Updated: Fri, 09/18/2015 - 11:47am*

The assurances of the Virtual Option for Inclement Weather are explained in the webinar segments linked below. These short videos are required viewing for superintendents and district leadership teams interested in applying for a Virtual Option waiver in the 2015-2016 school year.

To make the application process easier and direct your study, download the VirtualOptionStudyGuide.

Webinar Segments	
Introduction (8:07) 1: Internet Access (8:23) 2: Instructor Access (7:21) 3: Platform Experience (10:31) 4: Learning Targets (5:49) 5: Work Continuity (6:25) 6: Accommodation Support (7:48) 7: Offline Support (2:46) 8: Individual Needs (4:01) 9: Work Measurement (6:43) 10: Final Thoughts (5:48)	VIRTUAL OPTION

After your study of the webinar content, you are ready to complete the Virtual Option Application



eLearnING
Indiana Department of Education

The purpose of this grant is to support districts in forming a leadership team, researching implementation options, and forming a plan for digital learning, including professional development for staff. The 2015-2016 recipients are listed below.
Applications for 2016-2017 open in October!

Flex Pilot

To be considered for the Flex Pilot a district must complete an online application that indicates the following:

- A plan for utilizing digital learning that innovatively alters the traditional school day.
- The ability to provide online learning opportunities that meet the varying needs of their students and include contact with teachers.
- Accommodations for students with special needs.
- The availability of breakfast and lunch for students needing that option.
- At school alternatives for any student unable to remain at home and transportation to school, if needed.
- A plan for all staff during the Flex times/days.
- Support of the school board

Approved for the 2016-2017 year:

Alexandria
Argos
Attica
East Noble
Garrett-Keyser-Butler
Greater Jasper
Greenfield-Central
Hammond Academy
Lakeland
Lanesville
Maconaquah
Madison Consolidated

The Focus Forum is for administrators, leaders, and change makers from schools across Indiana. The focus is on building awareness and skills, finding resources, and understanding current trends to be an innovative leader for today's learner in our schools and districts. Participants receive a copy of *The Innovator's Mindset* by George Couros & see a screening of the documentary *Most Likely to Succeed.*

Registration Coming Soon

Through our partnership with the Central Indiana Educational Service Center (CIESC), there will be 2 free seats per district for each 2-day session with a cap of 50 participants.

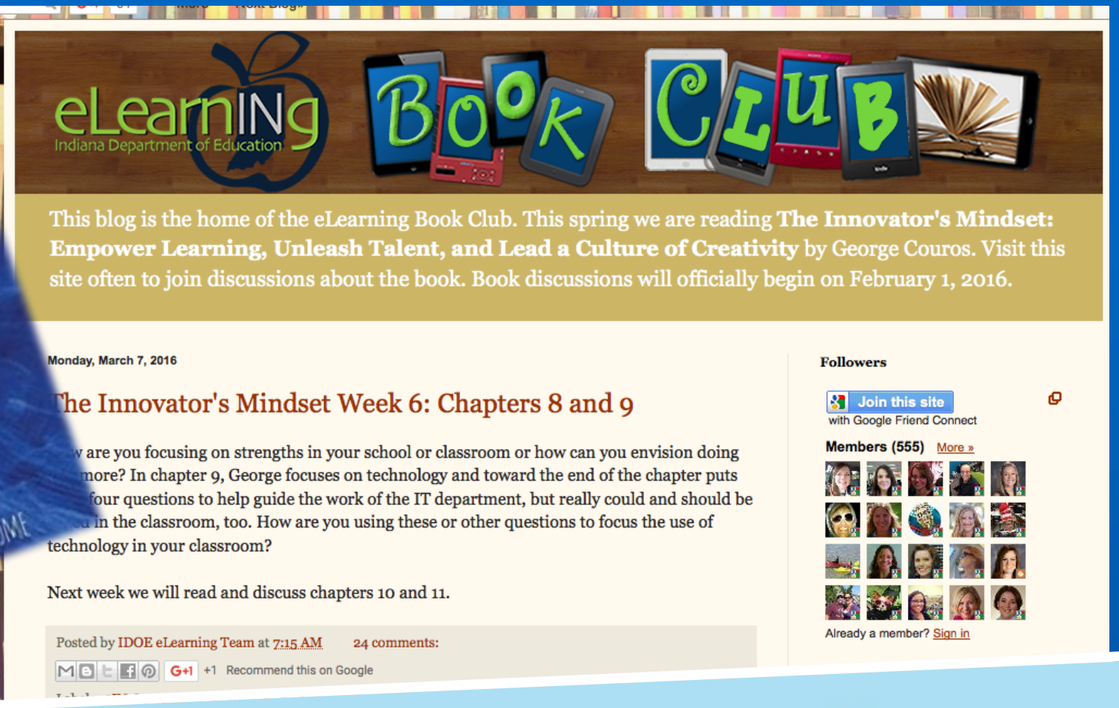
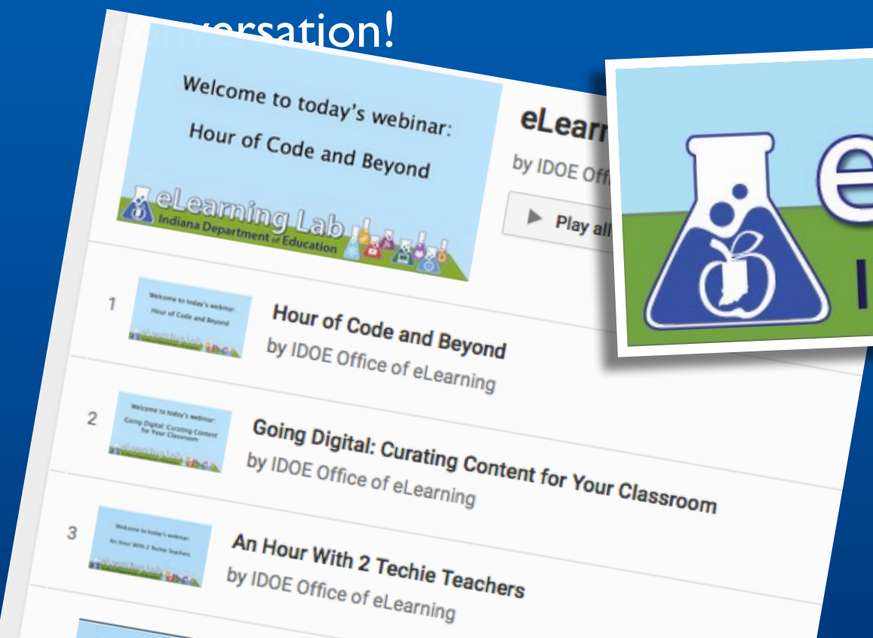
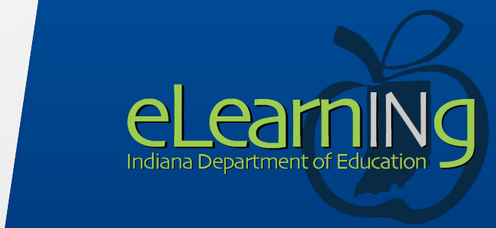
New Book Club Begins Oct. 3rd!

With new topics every month, The 21st Century Learning Lab hosts eLearning webinars. Digital tools, online resources... learn about all of it in a live forum or archived recording.

You can also earn PGP's as a member of our online book club. Join the conversation!







Online Communities of Practice

Online Communities of Practice will connect you with fellow educators from around the state and beyond. These communities provide a place for collaboration around the questions and challenges that face each of us.

Whether you are a 3rd grade teacher, an eLearning coach, or high school biology instructor - there is a community sharing resources related to your work.
